How do I answer a CIE IGCSE Business 2-mark question?

Define questions

- In these questions you are asked to **give a precise meaning** of a key business term
- Your definition should include two elements to attract both marks

Example

Define 'Return on Capital Employed'.

Return on capital employed is profit generated ✓ as a percentage of capital invested ✓ in a business

The definition has **two** correct elements.

Calculate questions

- In these questions, you are asked to carry out a **simple calculation** using the given data
- You should always **show your workings**
  - If your final answer is incorrect but some of your working is correct, you could gain one mark
- Make sure you include relevant units e.g. £ or $, number of items, %, etc
- You can use a calculator

Example

Help me understand

Stuck on something?
Ask questions and get help with exactly what you're revising.
Got it

Kemala is analysing her income statement. An extract is shown in the table below.

Extract from Kemala's income statement 2021 ($000)	
Revenue	480
Gross profit	192
Profit for the year	72

Calculate Kemala's gross profit margin in 2021. Show your workings.

$192,000 / $480,000 = 0.40 ✓

Full working is shown

0.40 x 100 = 40% ✓

Both marks are awarded as the final answer is correct

State or Identify questions

- In these questions you need to either
  - **Name**, **select** or **recognise** two distinct points
  - **Express**, **in clear terms**, two distinct points

Example

Identify two external users of accounts.

Investors ✓
Banks ✓

Two distinct, correct examples are given

Further explanation is not needed
