What is examined in the CIE IGCSE Business Paper 2?

- This paper is made up of **four questions** based on a **case study**, provided as an **insert**
- The **case study** provides information about a business as well as a selection of data, such as market research, economic indicators or financial performance
- You should refer to this case study material in all of your answers
- The paper's duration is 90 minutes
- The total number of marks available is **80**, representing **50% of the qualification**
- You must answer all questions

Structure of the Paper

- In **each** of the **four questions:**
  - **Part a** is worth 8 marks
    - You are usually required to either
      - **Explain** two advantages and two disadvantages of a given issue
      - Carry out a multi-part **calculation** and then **outline** two factors
    - Advice on answering 8-mark questions can be found here
  - **Part b** is worth 12 marks
    - You are usually required to
      - Consider a range of factors and make a justified recommendation
      - Weigh up advantages and disadvantages and make a justified choice
      - Consider a business's position (financial, competitive etc) and make an overall judgement
